

House File 381

S-3097

1 Amend House File 381, as passed by the House, as  
2 follows:  
3 1. Page 10, after line 21 by inserting:  
4 <(5) When a participant that is a payor uses the  
5 record locator service to search for potential records  
6 of an individual patient participant, the Iowa health  
7 information network shall notify such individual  
8 patient by mail at the individual patient's last known  
9 address, in a manner that does not otherwise disclose  
10 information protected under HIPAA, that the search  
11 was performed, and of the date on which the search  
12 was performed, the name of the individual performing  
13 the search, the name of the participant entity with  
14 which the named individual performing the search is  
15 affiliated, and the type of records sought.>  
16 2. By renumbering as necessary.
